Quincy School

A MESSAGE FROM THE BOSTON SCHOOL COMMITTEE

Dear Parents,

Each new school year brings with it a fresh start and the anticipation of new experiences and knowledge. The members of the Boston School Committee heartily welcome you this September, and challenge you to join with us as we strive to offer our students an education of the finest quality.

This year the Boston School Committee will begin to implement the Boston Education Plan to insure that education programs are meeting the needs of all students. We continue to emphasize academic excellence and opportunities for students to receive extra help in a variety of new school improvement measures. We believe that the success of the plan is possible only with support from parents and the community.

The School Committee encourages parents to help us establish a good learning environment where every student understands his or her responsibilities and shows respect for the safety of others at school. We hope this calendar, our first, will help you become familiar with school policies, such as the "Homework Policy" and

"Standards of Behavior" that describe our expectations of students. Parents play a vital role in education by encouraging their children to meet their school responsibilities.

We also invite you to attend our meetings which are generally held on the first and third Tuesday of each month at the School Committee Building, 26 Court Street at 5:30 p.m.

We ask all members of the community - parents, students, staff, and friends to help us achieve our goals by working together for quality desegregated education in our public schools.

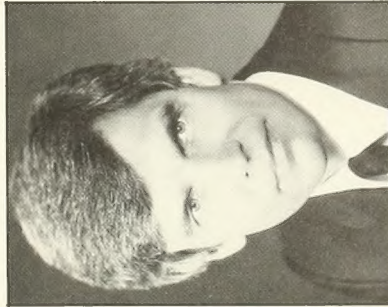

Sincerely,

John A. Nucci

A MESSAGE FROM THE SUPERINTENDENT

Dear Parents and Students,

I want to welcome each of you back to school and wish you a productive year as we begin the 1987-1988 school session.

We are pleased to be sending you the first edition of our School Calendar. As you can see, the school year is filled with important events and exciting opportunities for parents and students of the Boston Public Schools. We hope that having the information at your fingertips will help you take full advantage of the programs and educational experiences available to you.

Many sections of the calendar include the telephone numbers of school departments to call if you have any questions about a particular topic, such as student assignment or enrollment, special education or bilingual programs, transportation, and college information or job opportunities. Please feel free to contact the offices and staff members of the school departments listed concerning information which will be helpful to you.

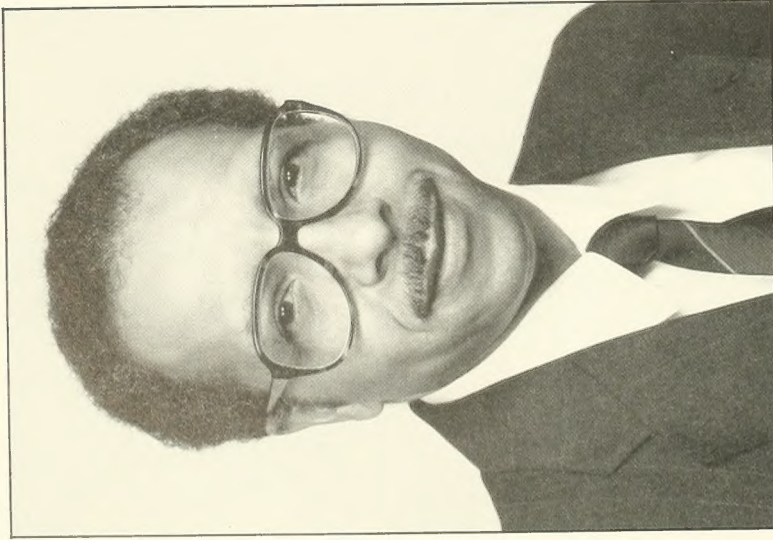

I would like to invite parents to participate actively in the life of our schools. In addition to the individual school and city-wide parent councils, there are numerous activities for parents to contribute their time, talents, and energy at our elementary and secondary schools. Your child's school can tell you about the specific projects throughout the year, and you can also refer to the section in this calendar called "Opportunities for Parent Involvement".

I hope the brief descriptions of school events, policies and procedures in the calendar are useful to you during the year. Again, I send you and your families my warmest regards and best wishes for a good school year.

Sincerely,

Laval S. Wilson
Superintendent of Schools

THE BOSTON EDUCATION PLAN

In the fall of 1986, 4000 questionnaires were completed by teachers, school administrators, parents, community residents, and other private and public partners of the Boston Public Schools. These questionnaires gave us a valuable picture of the education concerns our community shares. When the tabulation was complete, sixteen common concerns were selected to form the basis of the Boston Education Plan - a three-year blueprint for school improvement. The sixteen concerns are:

1. Adolescent Issues
2. At-Risk Youth
3. Counseling and Guidance
4. Curriculum Support
5. Early Childhood Education
6. Facilities
7. Instructional Materials
8. Mathematics
9. Middle and High Schools
10. Parent and Community Support
11. Professional Development
12. Reading
13. Safe and Orderly Schools
14. Special/Bilingual/Vocational Education
15. Student Assignment Process and Quality Desegregated Education
16. Writing

Following the questionnaires, more than 300 volunteers joined Project Teams to make recommendations for change in each of the sixteen areas. The recommendations submitted to the Superintendent were incorporated into the Boston Education Plan approved by the School Committee in June, 1987. The major themes of the plan are described below.

1. **Citywide Curriculum Consistency** A recommendation that Boston adopt a single basal textbook series in reading and mathematics, a single writing folder approach to encourage a common philosophy toward teaching and school administration.

2. **Higher Promotion Standards** The standards in reading and mathematics used to promote students from certain key grades will be raised gradually over the next four years.

3. **Programs for At-Risk Youth** Students in danger of dropping out of school or falling behind will have more opportunities for counseling and remediation.

4. **Training and Materials for School-Based Staff** Intensive training will be available to teachers and administrators interested in expanding their leadership and instructional skills. There will be a regular inventory of classroom materials to ensure that all teachers have the supplies necessary to implement the curriculum effectively.

5. **Accountability for School Performance** Each school will be held accountable for the performance of students enrolled and rewards will be given to schools whose students made good academic progress.

6. **Wider Extra-Curricular Offerings** New options for after-school activities, such as chess clubs, debate teams, honor society, student government, and expanded athletic programs, would be open to students under the plan.

7. **Facilities** The school administration hopes to raise money to renovate our public school facilities, so that all buildings meet the standards which students and school staff deserve.

8. **Middle and High School Themes** Each middle and high school will develop a distinctive theme that will attract students from all parts of the city. These might include law, government, finance, or health.

9. **Safe and Orderly Schools** Services will be modified and expanded to bring specially trained Boston School Police Officers to schools experiencing safety problems.

10. **Improved Student Assignment Process** Significant changes in the student assignment process will increase parent choice, and give headmasters and principals greater responsibility in attracting and holding students.

We believe that these recommendations, along with their three-year action plans and budget appropriations, will bring about dramatic changes in the level of student achievement and school climate, but most of all we expect the Boston Education Plan to create a sense of excitement and enthusiasm in school life at the Boston Public Schools.

BOSTON SCHOOL SCHEDULE 1987-1988

September 9, 1987	Professional Development Day
September 10, 1987	School Opens
October 12, 1987	Columbus Day
October 28, 1987	Professional Development Day
November 11, 1987	Veteran's Day
November 26-27, 1987	Thanksgiving Recess
December 24, 1987- January 1, 1988	Christmas Recess
January 4, 1988	Return from Christmas Recess
January 18, 1988	M.L. King's Birthday
February 15-19, 1988	Winter Recess
February 22, 1988	Return from Winter Recess
March 17, 1988	Evacuation Day
April 1, 1988	Good Friday
April 18-22, 1988	Spring Recess
April 25, 1988	Return from Spring Recess
May 18, 1988	Professional Development Day
May 30, 1988	Memorial Day
June 17, 1988	Bunker Hill Day
June 30, 1988	School Closes

TRANSPORTATION

Students in both Community District Schools and Magnet Schools are eligible for transportation to and from school if they live more than:

- 1 mile away from their kindergarten or elementary school.
- 1 1/2 miles away from their middle school.
- 2 miles away from their high school.

In August when parents are notified about their children's school assignment, they also learn if students are walkers or riders. Riders are told where to wait for the school bus, what time the bus comes, and the bus's vehicle number.

In general, kindergarten students who are eligible for transportation ride to and from school on the same yellow bus that picks up elementary school children in that neighborhood. They are picked up and dropped off at a corner stop near home, usually two or three blocks away.

Please note that kindergarten students are dropped at corner stops and it is the responsibility of the parent or guardian to meet the child. Bus drivers cannot keep students on their buses.

Elementary school students who ride yellow buses are also picked up and dropped off at a corner stop near home. Most middle and some high school students receive bus service. Other eligible middle and high school students may receive free MBTA passes each month at their school.

Special Situations:

If your child is in a special education program under Chapter 766, the type of transportation he or she receives is usually determined as part of the student's Individualized Education Plan. Most substantially separate students receive door-to-door bus service. Other special education students may be picked up and dropped off at a corner near home if they are eligible for transportation.

If your child is injured and temporarily needs transportation to and from school for medical reasons, contact your child's school or the Office of Health Services at the Boston Public Schools.

If your child's bus does not arrive in the morning, or if you have a complaint about the transportation service, call the Transportation Unit directly at 726-6260 or 227-4516.

If you move mid-year, the Boston Public Schools may be able to continue transportation along a new route. To find out, call 726-6260.

The Boston Public Schools will be offering an Alternative Transportation Service which will, under certain conditions, allow students to be picked up and dropped off at sites other than their homes. For further information, call your child's school.

IMMUNIZATIONS

Before students may begin school in September, they must have a doctor's certificate stating that they have been immunized against diphtheria, pertussis, tetanus, measles, poliomyelitis, German measles (rubella), and mumps.

Students who do not have their vaccines (shots) by October 9, 1987 will not be allowed to come to school.

Special Situations:

Students may begin school in September if they have begun an immunization program and will be finished within two weeks.

Students may begin school if a parent or guardian states in writing that vaccination or immunization conflicts with his/her religious beliefs.

Students may begin school if a doctor states in writing that vaccination or immunization would endanger his/her health.

ATTENDANCE POLICY

Students are expected to come to school every day, on time. A student must attend 85% of the days in each marking period in order to receive passing grades. In high school, a student must attend 85% of each class, and complete the required work in order to receive passing grades for that marking period.

A student must be in school at least half of the school day to be considered present. The number of tardies will be noted on a student's report card, although they may never be counted as an absence.

For the student's protection, the BPS asks that parents or guardians write a note of explanation for each absence. Parents should also call the school if their child will be out of school because of illness.

If the school does not hear from parents on the first and second day of a child's absence from school, school staff will call the home. Parents will also be notified in writing after a student is absent for three days consecutively, or after five unexplained absences. Finally, after seven unexplained absences, the Supervisor of Attendance will investigate the absences and decide whether court action is necessary.

Special Situations:

A Principal or Headmaster may grant a waiver for the attendance requirement if he or she has approved special circumstances, or if a student has documented a personal injury or illness. A parent or student has the right to request a waiver at the end of each marking period.

Absences due to suspensions, lack of immunization, or verified school bus problems, may not be counted in the 85% attendance requirement.

HOMEWORK POLICY

Many years of experience show that time spent on homework is an invaluable way of improving academic achievement. It reinforces and enriches all that students study in school during the day. Homework is also a way for parents to learn about their children's school activities and assist them in an important part of their educational experience.

KINDERGARTEN 1 AND 2

In Kindergarten, homework assignments promote the development of the spoken language through songs, story telling, nursery rhymes, and short poems. Parents and children should spend 15 minutes together per day to learn and practice the assignment. This will also establish good school habits.

ELEMENTARY - GRADES 1, 2, AND 3

Home study in the early grades encourages students to practice reading lessons and other skills learned during the school day.

Assignments should take approximately 20 minutes per day.

ELEMENTARY - GRADES 4 AND 5

Homework assignments of approximately 60 minutes per day give students an opportunity to review, practice, and explore materials taught in class. They may be oral and written drill, recreational reading, or preparation of reports.

MIDDLE SCHOOL - GRADES 6, 7, AND 8

Since students attend a variety of classes in middle school, homework assignments for specific subjects are assigned on certain nights of the week. The home study promotes creativity, problem solving, and enrichment of the classroom lessons. Students should plan to spend 90 minutes per day on homework.

HIGH SCHOOL - GRADES 9, 10, 11, AND 12

A total of 2 hours of home study per day is necessary for a student to do satisfactory work in high school. Homework will emphasize independent thinking, the formation of opinions and good judgement, and should deepen a child's understanding of the subject areas under study. Homework makes up a portion of a student's report card grade in each subject, thus well done assignments which are completed on time are reflected in a child's grade point average.

Special Situations:

If you have questions concerning your child's homework, call the school for information and assistance.

STANDARDS OF BEHAVIOR

Students have the right to an education and to all rights guaranteed by the Constitution, including the right to personal safety. In return, each student must respect the rights of other students and school faculty. To protect these rights, rules have been written for all students in Boston's public schools.

Learning and teaching can only take place when everyone behaves with care and respect for others. Students and teachers cannot work together where there is fear, disorder, or violence. The rules below will be enforced in all schools.

STUDENTS FROM KINDERGARTEN THROUGH GRADE 12 ARE EXPECTED:

- to come to school every day, on time, to learn and to work. They are encouraged to take an active part in all school activities.
- to behave respectfully toward people of all ages, races, ethnic groups, religions, and of both sexes.

STUDENTS MAY BE SUSPENDED, EXPELLED OR REFERRED TO THE ASSESSMENT /COUNSELING CENTER IF THEY VIOLATE THE TWO RULES BELOW. STUDENTS ARE NOT ALLOWED:

- to bring to school dangerous objects of no reasonable use to a student, such as knives, guns, mock guns, studded belts or bracelets, or other weapons prohibited by State law. Possession of a dangerous object will result in suspension and may result in referral to the Assessment/Counseling Center.

Possession of firearms will result in expulsion.

- to bring nonprescribed drugs, marijuana, narcotics, or alcohol to school, or to use, sell, or distribute such drugs or alcohol in school. Selling or distributing drugs may result in expulsion.

STUDENTS MAY BE SUSPENDED IF THEY VIOLATE THE FOLLOWING RULES. STUDENTS ARE NOT ALLOWED:

- to take by force things that belong to other people.
- to steal.
- to damage or to deface property that belongs to other people or to the school.
- to behave on school buses or at bus stops in ways that put other people in danger.
- to disrupt school, classrooms, or school-sponsored activities.
- to interfere with other students' learning, for example, by continuously and purposely making noise.
- to use sexually offensive or intimidating language, obscene gestures, or body contact.
- to be in places in school where they should not be.
- to refuse to leave an area when requested.

Special Situations:

Students are entitled to a fair hearing with notice of the time and place. At the hearing, students and parents must be told what the charge is. They have the right to tell their side of the story.

For further information and assistance, call the Boston Public Schools at 726-6200 X 5330, or the Citywide Parents' Council at 720-0370.

PROGRESS REPORTS

Report cards are usually issued four times each year at the end of a marking period. Some schools - most notably the exam schools - have 5 marking periods and send report cards home five times each year.

If you would like to know how your child is progressing when it is not time for report cards to come out, call the school to set up a parent/teacher conference, or ask for the dates of the school's Open House.

Schools with four marking periods distribute report cards during the weeks of December 2, 1987; February 22, 1988; May 12, 1988; and June 9, 1988.

Schools with five marking periods distribute report cards during the weeks of November 13, 1987; January 13, 1988; March 16, 1988; May 12, 1988; and June 9, 1988.

OPPORTUNITIES FOR PARENT INVOLVEMENT

If you would like to participate more in your child's education, or talk to other parents about your concerns, you might like to join one of the parent organizations described below.

BOSTON CITYWIDE PARENTS COUNCIL (CPC)

The Boston Citywide Parents Council was established by a court order issued by Judge W. Arthur Garrity in October, 1975. The parent council was mandated to monitor the Boston Public Schools and act as an advocacy, information and recruiting organization for the parents of public school children to insure that quality, desegregated education is provided to all students.

At the local level, parents can become involved in the School Parent Council (SPC) of their child's school. Each School Parent Council elects an executive committee of 8 - 16 members, and the chairs of each council represent the parents in the District Parent Council.

The Citywide Parents Council addresses the concerns of the local and district councils during their monthly meetings and determine what action must be taken. The organization disseminates information about the public schools, and offers workshops to parents on a variety of topics. For more information, call 720-0370.

SPECIAL NEEDS PARENT ADVISORY COUNCIL

All parents of special needs students who are residents of Boston are invited to participate in the Special Needs Parent Advisory Council. The purpose of the Council is to lend support to parents of special needs children, and to help parents understand their rights and the rights of their children to equal education opportunity.

Meetings are held the third Wednesday of each month from September 1 through June 15. Each year, a dinner dance is held to raise funds to send special needs children to summer camps. For further information, call 726-6200 X 5926.

BILINGUAL PARENT ADVISORY COUNCIL

Bilingual Parent Advisory Councils give bilingual parents an opportunity to learn more about school operations and monitor bilingual programs in the Boston Public Schools. The Councils frequently run workshops for parents.

Each linguistic group has its own Sub Parent Advisory Council (Sub PAC) which is organized by a community field coordinator in the district office after a recruitment drive for new membership in the fall. There are 6 Sub Pacs for Spanish speaking parents located in Districts A, C, D, and E. The Sub PACs meet monthly and are ordinarily conducted in the parent's native language with translation provided when guest speakers are invited.

The Sub PACs elect board members who are eligible for nomination each spring to become part of the city-wide Master Parent Advisory Council. The Master PAC meets monthly, too. If you would like more information about bilingual parent advisory councils, call 726-6200 X 5976.

BOSTON HOME AND SCHOOL ASSOCIATION (BHSA)

For over 78 years the Boston Home and School Association has been the volunteer organization of parents and teachers advocating for the children of Boston. Local Home and School Associations are formed in individual schools throughout the city to advance the main purpose of the Association - to promote understanding and cooperation among the parents, teachers and administrators of the Boston Public Schools. Through the efforts of the local Home and School Associations, gifts such as audio-equipment, typewriters, field trips, books and furnishings have been donated to schools.

The business office of the BHSA is located at the Boston Public Schools, 26 Court Street, 3rd floor. During the year, information is disseminated, educational programs developed - at least four each year - and the needs of parents and teachers are addressed. The BHSA tries to keep all members abreast of important school information and events.

Dates for Council Meetings and the Annual Meeting will be scheduled in September. For information, call 726-6200 X 5831 or X 5830.

EQUAL EDUCATION OPPORTUNITY

Equal opportunity laws protect the rights of students to participate in all activities pertaining to their education and employment regardless of race, color, religion, national origin, sex, age, ancestry or handicap. Other laws allow students and parents full access to student records. Below you will find brief descriptions of equal opportunity legislation and freedom of information.

CHAPTER 766

State and Federal laws guarantee every student the right to a free and appropriate public education regardless of handicap or special education needs.

If you think your child has difficulty in a regular classroom due to physical, emotional or learning needs, call your child's school to set up a 766 Evaluation Team. You and the team will determine an education plan that best suits your child. For more information call Parent Information/Assistance and Resource Project 726-6200 X 5925.

STUDENT RECORDS

A parent or a student who has entered ninth grade or who is at least 14 years old has the right to inspect the student record upon request. The parent or student should receive the record no later than two days after the request, and they may ask to have the record interpreted by a qualified professional. Call your child's school if you would like to see his/her student record.

Usually, no individuals or organizations are allowed to have information in the student record without the written permission of the parent or student. However, the school may release some information, such as your child's name, class, and participation in sports, degrees, or awards, without your consent.

DISCRIMINATION

No student may be excluded from enrollment in any public school or participation in the activities of any school because of race, color, sex, religion, national origin, or handicap. For further information or assistance, call 726-6200 X 5650.

HANDICAPPED PERSONS

The Rehabilitation Act of 1973 provides that no otherwise qualified handicapped student can be excluded from participation in any activity because of his/her handicap. Regulations require that schools and employers make a reasonable accommodation for the handicap. For further information or assistance, call 726-6200 X 5650.

SEXUAL HARASSMENT

Sexual harassment is unwanted communication of a sexual nature in school or at work which causes one to feel pressured, threatened, or uncomfortable in any way. It can be subtle or it can be blatant. For further information or assistance, call 726-6200 X 5650.

WORK PERMITS

Students under the age of 18 may need a work permit in order to have a job. If your child would like to work, he or she can pick up the forms at the Boston Public Schools, 26 Court Street on the 2nd floor. This office is open Monday through Friday 2:00 p.m. - 4:00 p.m. during the school year, but during the summer the office is open from 9:30 a.m. - 3:00 p.m.

The yellow card (Form A) is filled out by the employer. The employer describes the job your child will do. A doctor must examine your child to see if he or she is in good health and can perform the job. The doctor signs this card, too.

The orange card (Form B) is filled out by the principal, a teacher or a guidance counselor from your child's school.

After the cards are completed, the student brings them back to 26 Court Street, 2nd floor with his or her birth certificate. The office will then give him/her the work permit (working papers). For further information, call 726-6200 x 5188.

CAREER AND COLLEGE PLANNING

Students of the Boston Public Schools who need help organizing their post-graduation plans can call upon Boston Compact programs for assistance. The Boston Compact's unique partnership between the Boston Public Schools and local businesses, universities and labor unions offers students job placement services and higher education information. Some of the programs are described below.

THE JOB COLLABORATIVE

Students who want help finding after school jobs, summer jobs, and permanent jobs after graduation can call the PIC Career Specialist at their high school. Career specialists also help high school youth learn how to interview for a job, keep a job, and write a resume. To be eligible, a student must be 16 years old, and have good attendance and passing grades. For more information call your child's high school, or the Boston Private Industry Council at 423-3755.

Career Specialists:

Boston Technical High School Walter Weeks	445-1049
Brighton High School Kathy Hamilton	254-0830
Jeremiah E. Burke High School Ronald Whitehead	442-1704
Charlestown High School Frank Raio	242-1520

Dorchester High School Kathy Guerin	436-7976
East Boston High School Paula Kelley	569-7739
English High School Marva Mack	738-8429
Hyde Park High School Mark Linehan	361-6049
Jamaica Plain High School Mabel O'Keefe	522-0954
Madison Park High School Michelle Markham	445-0178
Mario Umana High School Angela Cureton	569-7064
South Boston High School Linda Palmer	268-0118
West Roxbury High School Sam Berlow	469-9471

HIGHER EDUCATION INFORMATION CENTER

The Higher Education Information Center gives high school students and their parents information about colleges, career training programs, and financial aid. The Center, located at the Boston Public Library at Copley Square, is open evenings and weekends. The hours are: Monday through Thursday from 9:00 a.m. - 9:00 p.m., Friday and Saturday from 9:00 a.m. - 5:00 p.m., and Sundays from 2:00 p.m. - 6:00 p.m.

Counselors are available to help students find schools suited to their interests, fill out college applications, and complete financial aid forms. Students may also take career interest tests, or watch videos of universities around the country. All services are free. For more information, call 536-0200.

ACCESS

ACCESS is a program that provides financial aid information and scholarships directly to students of the Boston Public Schools. ACCESS advisors in the high schools help seniors think about higher education, complete Financial Aid Application forms, and give them the assistance they need to find loans and scholarships to pay for college costs.

Students are eligible for ACCESS scholarships if they are BPS graduates, have at least a C average during the senior year, are residents of Boston, and have received financial aid from a higher education institution. For more information call your child's school, or ACCESS at 723-7489.

ACCESS Advisors:

Jacqueline Hayes
Vusama Kariba
Paul Miller
Mary Truong

PROMOTION POLICY

The following requirements are effective now for students in the Boston Public Schools. The Boston Education Plan identifies new requirements for the future which are described in the last column on this page. In order to be promoted from one grade to the next grade, a student must:

- have 85% attendance.
- earn a certain number of points.
- pass required courses.

MIDDLE SCHOOL PROMOTION REQUIREMENTS

Grade 6 to Grade 7, a student must earn at least 27 points.

Grade 7 to Grade 8, a student must earn at least 54 points.

Grade 8 to Graduate, a student must earn at least 81 points.

MIDDLE SCHOOL GRADUATION REQUIREMENTS

1. 85% attendance
2. 81 points.
3. Score a 52 or over on the DRP reading test at any time during the middle school years.
4. Basic Subjects: students must take 3 years of English, Reading, Social Studies, Mathematics, Science/Health, and Physical Education.

5. Other subjects: students must take one course in art or music, and one course in career exploration.

HIGH SCHOOL PROMOTION REQUIREMENTS

Grade 9 to Grade 10, a student must earn at least 23 points.

Grade 10 to Grade 11, a student must earn at least 49 points.

Grade 11 to Grade 12, a student must earn at least 75 points.

Grade 12 to Graduation, a student must earn at least 105 points.

HIGH SCHOOL GRADUATION REQUIREMENTS

1. 85% attendance.
2. 105 points.
3. Score of 64 or over on the DRP reading test any time during the high school years.
4. Pass the following courses in a non-college program: 4 years of English; 2 years of Social Studies, Science, and Mathematics; 4 points of physical education; 2 1/2 points of health; 2 1/2 points of computer.

or

Pass the following courses in a College program: 4 years of English; 3 years of Science and Mathematics; 2 years of Social Studies and a Foreign Language; 4 points physical education; 2 1/2 points of health; 2 1/2 points of computer.

New Requirements:

- Beginning in 1989-1990 1st Graders must read at a 1.5 level to be promoted to 2nd Grade.
 - Beginning in 1989-1990 5th Graders must read at a 4.5 level to be promoted to 6th Grade.
 - Beginning in 1989-1990 8th Graders must read at a 6.5 level to be promoted to 9th Grade.
 - Beginning in 1989-1990 high school seniors must read at an 8.5 level to graduate from high school.
 - Beginning with the graduating class of 1992 every senior must achieve an 8.5 level on the Metropolitan Mathematics Test to graduate from high school.
 - Beginning with the graduating class of 1992 all students will be required to successfully complete four years of high school mathematics, including Algebra 1.
- Parents will receive more information about these new requirements.

Special Situations:

Students who are ill or injured, and who do not have 85% attendance may be promoted if they have passing grades and meet all other promotion requirements.

Students in special education or bilingual programs who have Individualized Education Plans may be promoted even if they fail to meet the promotion policy.

ENROLLMENT

Boston's public schools are open to any school-age child who lives in the city of Boston.

TO ENROLL FOR KINDERGARTEN

1. Your child must meet the entrance age requirements:
- For K-1, a child must be four years old by September 1, 1987.
- For K-2, a child must be five years old by September 1, 1987.

2. You must apply for Kindergarten:

- On Kindergarten Application Day you may go to any elementary school to apply for K-1, or K-2. You may also go to any Community District Office or the Boston Public Schools Information Center, 26 Court Street, 9th Floor.
- During the year, you may go to any Community District Office or the Boston Public Schools Information Center on any weekday.
- 3. You must bring two pre-printed proofs of address and your child's birth certificate.
- 4. You may choose from several options:
- Your Community District Kindergarten School, or your Community District Elementary School if it has a kindergarten program where your child is guaranteed a seat.
- Your Community District Extended Day

Kindergarten Program for students in K-2. Assignment is based on a computerized random-selection process, the availability of seats and racial guidelines.

- A Magnet School Kindergarten Program. Assignment is based on a computerized random-selection process, availability of seats, and racial guidelines.
- An Early Learning Center. If you live in District A or in District C, and your child will be 4 years old by December 31, then you can apply to an Early Learning Center. Assignments are based on a computerized random-selection process.

TO ENROLL FOR GRADES 1 - 12

1. You may go to any Community District Office, or to the Boston Public Schools Information Center, 26 Court Street, 9th Floor on any weekday.
2. You must bring two pre-printed proofs of address and your child's birth certificate (for Grade 1 only).

3. You may choose from several options:

- Your Community District Elementary or Middle School where your child is guaranteed a seat. Your Community District High School where your child has a priority in seeking admission if the application is returned before the deadline.
- A Magnet School. Assignment is based on a computerized random-selection process, availability of seats, and racial guidelines.

FOR STUDENTS WHO ARE ALREADY IN THE BOSTON PUBLIC SCHOOLS

1. Application forms are sent home with students each spring, usually in April. Even if you want your child to stay in the same school for the following year, you must fill out and sign the Application Form.

For more information on enrollment, call the Boston Public Schools Information Center at 726-6555.

Special Situations:

Early admission for K-1 and Grade 1 may be allowed through a screening process. For information, call 726-6200 X 5690.

Children who have not attended kindergarten or have not had a comparable pre-school experience, or who will not be 6 years old by September 1, 1987 may be evaluated by school personnel for an appropriate placement. For further information and assistance, call 726-6200 X 5690.

SECONDARY SCHOOL ADMISSION TEST

The Secondary School Admission Test (SSAT) required for entrance into Boston Latin Academy, Boston Latin School, and Boston Technical High School will be given on Saturday, November 14, 1987.

Appropriate notices, registration materials, and directions for reporting grade point averages will be distributed to students and parents in October. The registration deadline is October 16, 1987. For further information, call 726-6555, or 726-6200 X 5559.

PHYSICAL EDUCATION AND ATHLETIC PROGRAMS

The interscholastic and intramural athletic programs in the Boston Public Schools are voluntary, organized, competitive physical activities between member schools of the Massachusetts Interscholastic Athletic Association.

SPORTS OFFERED IN HIGH SCHOOLS

- A. Interscholastic sports boys can choose to play: Baseball, Basketball, Cross-Country, Football, Golf, Gymnastics, Hockey, Spring Track, Soccer, Swimming, Tennis, Wrestling and Winter Track.
- B. Interscholastic sports girls can choose to play: Basketball, Cross-Country, Golf, Gymnastics, Soccer, Softball, Spring Track, Swimming, Tennis, Volleyball, Winter Track, and Cheerleading.

C. Eligibility Requirements:

In order to participate in interscholastic high school sports, a student must have passing grades in all major subjects on the last report card.

A student must be under nineteen years old. If his/her nineteenth birthday occurs on or after September 1, the student may participate for the rest of that school year.

If a student transfers from another M.I.A.A. affiliated school where she/he played a varsity sport, the student may have to wait one year before playing on the new school's team.

SPORTS OFFERED IN MIDDLE SCHOOLS

- A. Boys and girls may choose to play interscholastic Basketball or Spring Track.
- B. One intramural program is offered in the fall in each middle school.
- C. Eligibility Requirements:

A student must have: 85% attendance record; attend school on the day of a contest; a cumulative C grade average in academic subjects and conduct; and a physical examination.

A student must be under 15 years old to participate in interscholastic sports, and under 16 years old to participate in intramural sports.

TESTING SCHEDULE

One purpose of the Boston Public Schools' testing program is to provide information on students' strengths and weaknesses so that instruction may be tailored to a particular student's needs. Other purposes include fulfilling the State testing requirements and comparing the achievement of Boston Public School students with other students nationwide. The following tests will be administered during the 1987-1988 school year:

Basic Skills Tests

Reading, Mathematics, and Writing
Grades 3, 6, and 9 will be tested in October, 1987.

State Curriculum Assessment Tests

Reading, Mathematics, Science, and Social Studies
Grades 4, 8, and 12 will be tested in March and April, 1988.

Metropolitan Reading & Mathematics Tests

Grades 1 - 12 will be tested in May, 1988.
The scores of students in Grades 2, 3, and 4 will be used to select students for Advanced Work Classes for the 1988-1989 school year.

Degrees of Reading Power Test

Grades 5, 8, and 12 will be tested in January, 1988.
Grades 4, 5, 7, 8, 11, and 12 will be tested in May, 1988.

Curriculum Referenced Tests

These tests are administered in May and June, 1988. Grades K - 8 take tests in Reading, Language Arts, Mathematics, and Science. Grades 3 - 8 are tested in Social Studies, too.

The scores from the Reading/Language Arts and Mathematics finals for students in Grades 2, 3, and 4 will be used to select students for Advanced Work Classes for the 1988-1989 school year.

Grades 9 - 11 will be tested in English, Mathematics, Science, Foreign Languages, Social Studies, and Health in May and June, 1988.

English Proficiency Test

This pilot test is administered in December, 1987.

CTBS - Espanol

This test will be administered in February, 1988. The scores of students in Grades 3, 4, and 5 will be used to select students for Spanish ACW Classes.
